Terms and Conditions of the Specialties Matching Service

Specialties Matching Service® Match Participation Agreement

These are the terms and conditions of the Match Participation Agreement for the Specialties Matching Service (SMS®) that each applicant and program enters into by clicking on the "I Accept" button on the Registration screen of the Registration, Ranking, and Results® (RR®) system. Upon the NRMP’s acceptance of such party’s registration, these terms and conditions will be a binding agreement between such party and the NRMP, as well as between such party and any other party who executes this SMS Match Participation Agreement in registering for the same SMS Match and whose registration is accepted by the NRMP.

If the NRMP accepts the registration of the applicant or program in question, the NRMP will register the applicant or program, as the case may be, in the SMS, as described briefly in Section 1.0 below.
