Session Descriptions

Mini-Plenary
Mini-Plenary sessions are 75 minutes in length and didactic in format. They will be presented in the largest facility meeting space available and are designed to provide access to the greatest number of attendees interested in the topic.

Workshops
Workshop sessions are 75 minutes in length and are traditionally small group, interactive sessions. They will be presented in a traditional small-group setting allowing attendees greater access to interact with faculty and colleagues.

Clinical Quick Hits
Clinical Quick Hits are 35-minute, rapid fire presentations on a clinical entity, focused on clinical knowledge. These presentations will focus on the “latest and greatest” updates or evolutions in clinical practice in one area.

PHM Stories
PHM Stories are simple, concise talks told in a narrative style with minimal reliance on slides. Each PHM Stories session features three distinct and fast-paced 20-minute talks and a 15-minute question and answer session.
