

**Academic Pediatric Association Catalyst Program  
Action Plan**

What is my current involvement in the APA now? For example: participation or leadership in SIGs, committees, research networks, career development programs, speed mentoring?

What new opportunities do I want to get involved in? Choose 1-3 opportunities and state 1 goal for participation that aligns with your career goals.

What questions do I have regarding how to get more involved in the APA and who will I reach out to? For example: APA staff, APA Board members, APA Past Board Members/Presidents, SIG/Committee/Research Network/Career Development program leaders?

What are the benefits and advantages if I become more involved with the APA? For example: professional development opportunities, leadership opportunities, scholarship opportunities, awards, and recognition.

Questions? Send a message to [info@academicpeds.org](mailto:info@academicpeds.org).
